

## PRESS RELEASE 04.06.2009

### **NFI has ongoing MBO discussions with Parquet Marty**

As previously announced, Parquets Marty finalized the rehab process as per end of March after a year of major restructuring activities. Marty is now back to normal terms of business and currently focusing on turning the new business plan into reality.

With the aim to secure a long term sustainable operation and develop the enduring future of the company, discussions are currently held between the mother company NFI Corp, Switzerland, and the management of Parquets Marty of a possible MBO of the Marty Group. Both parties confirm their ambitions to finalize these negotiations and close a deal before the end of June.

NFI and Parquets Marty are strongly committed to all market and customer engagements and the positive continuation of the businesses respectively.
