

PRESS RELEASE 12.03.2009

New CEO for Bauwerk

I have the pleasure to announce that Klaus Brammertz has been appointed Chief Executive Officer at Bauwerk Parkett AG. He will start in his new role on June 1st, 2009. Brammertz will report to Per Skårner, Chief Executive Officer, Nybron Flooring International Corporation, and will be a member of the Group's Executive Board.

Brammertz succeeds Dieter Betz, interim Chief Executive Officer at Bauwerk Parkett AG.

Klaus Brammertz is currently President of the Precision Tools Division and Member of the Board of Directors at Leica Geosystems AG, Switzerland, a globally leading manufacturer of products and systems for surveying and geographical measurement. He joined Leica in 2001 as President of its Consumer Products Division, having previously held a number of key managerial positions with Wolf Garten GmbH, Germany, including the role of Managing Director. In this role, he considerably contributed to the build-up of the pan-European business of the gardening tools producer. Klaus Brammertz also brings in profound experience in the flooring and construction market where he started his career in 1984. During seven years, he held a wide range of managerial positions in Human Resources, Business Development, Marketing and Distribution with the world leader in flooring Tarkett/Pegulan AG, both in Germany and in Sweden.

Klaus Brammertz holds a degree in Business Administration from the University of Cooperative Education Mannheim, Germany. He was born in 1959 and is a German citizen.

I'm welcoming Klaus Brammertz to the NFI group and very much looking forward to our future cooperation.
